Options are:

4G/3G dongle / router ([find out more here](#))

Other fixed line infrastructure owners and service providers

Virgin Media operate in parts of Lincolnshire. Check their coverage [here](#)

Gigaclear cover parts of southern Lincolnshire, Visit their website [here](#)

Fixed wireless

Available as a commercial product and via the [subsidy scheme](#)

This technology is capable of delivering superfast speeds and does not suffer with long latency times. There are three main providers in Lincolnshire. If you are not currently within their range, a provider may extend their coverage if there is enough interest in an area.

Providers are:

AB Internet, mainly in the North and North East of the County ([visit website](#))

JHCS – Central and Southern Lincolnshire ([Visit Website](#))

Quickline, North, North East and Central Lincolnshire ([Visit Website](#))
